AQUASOL CORPORATION

PRO OX-100 KIT

Programmable Digital Oxygen Monitor

Kit Contents

- PRO OX-100 Monitor and Sensor
- Polycarbonate Carrying Case
- Neoprene Extension Tubing (5 ft or 1.5 m) with Quick Connect Fittings
- Stainless Steel Probe, Slender 0.08"
- Rechargeable Battery & Charger
- USB Cable
- Support Stand
- Phillips Head Screwdriver
- Quick Instruction Card

P-OXKIT

\$1265.29

EZ Zone

EZ Zone Tape is an innovative purge gas retaining tape used to seal the root gap between pipes during TIG welding. The aluminum tape is designed with an adhesive-free zone in the center. This allows a welder to control the gas while not contaminating the weld. EZ Zone Tape is available in two widths: 2.5" (64mm) and 4.0" (102mm).
